Wired for Success #10

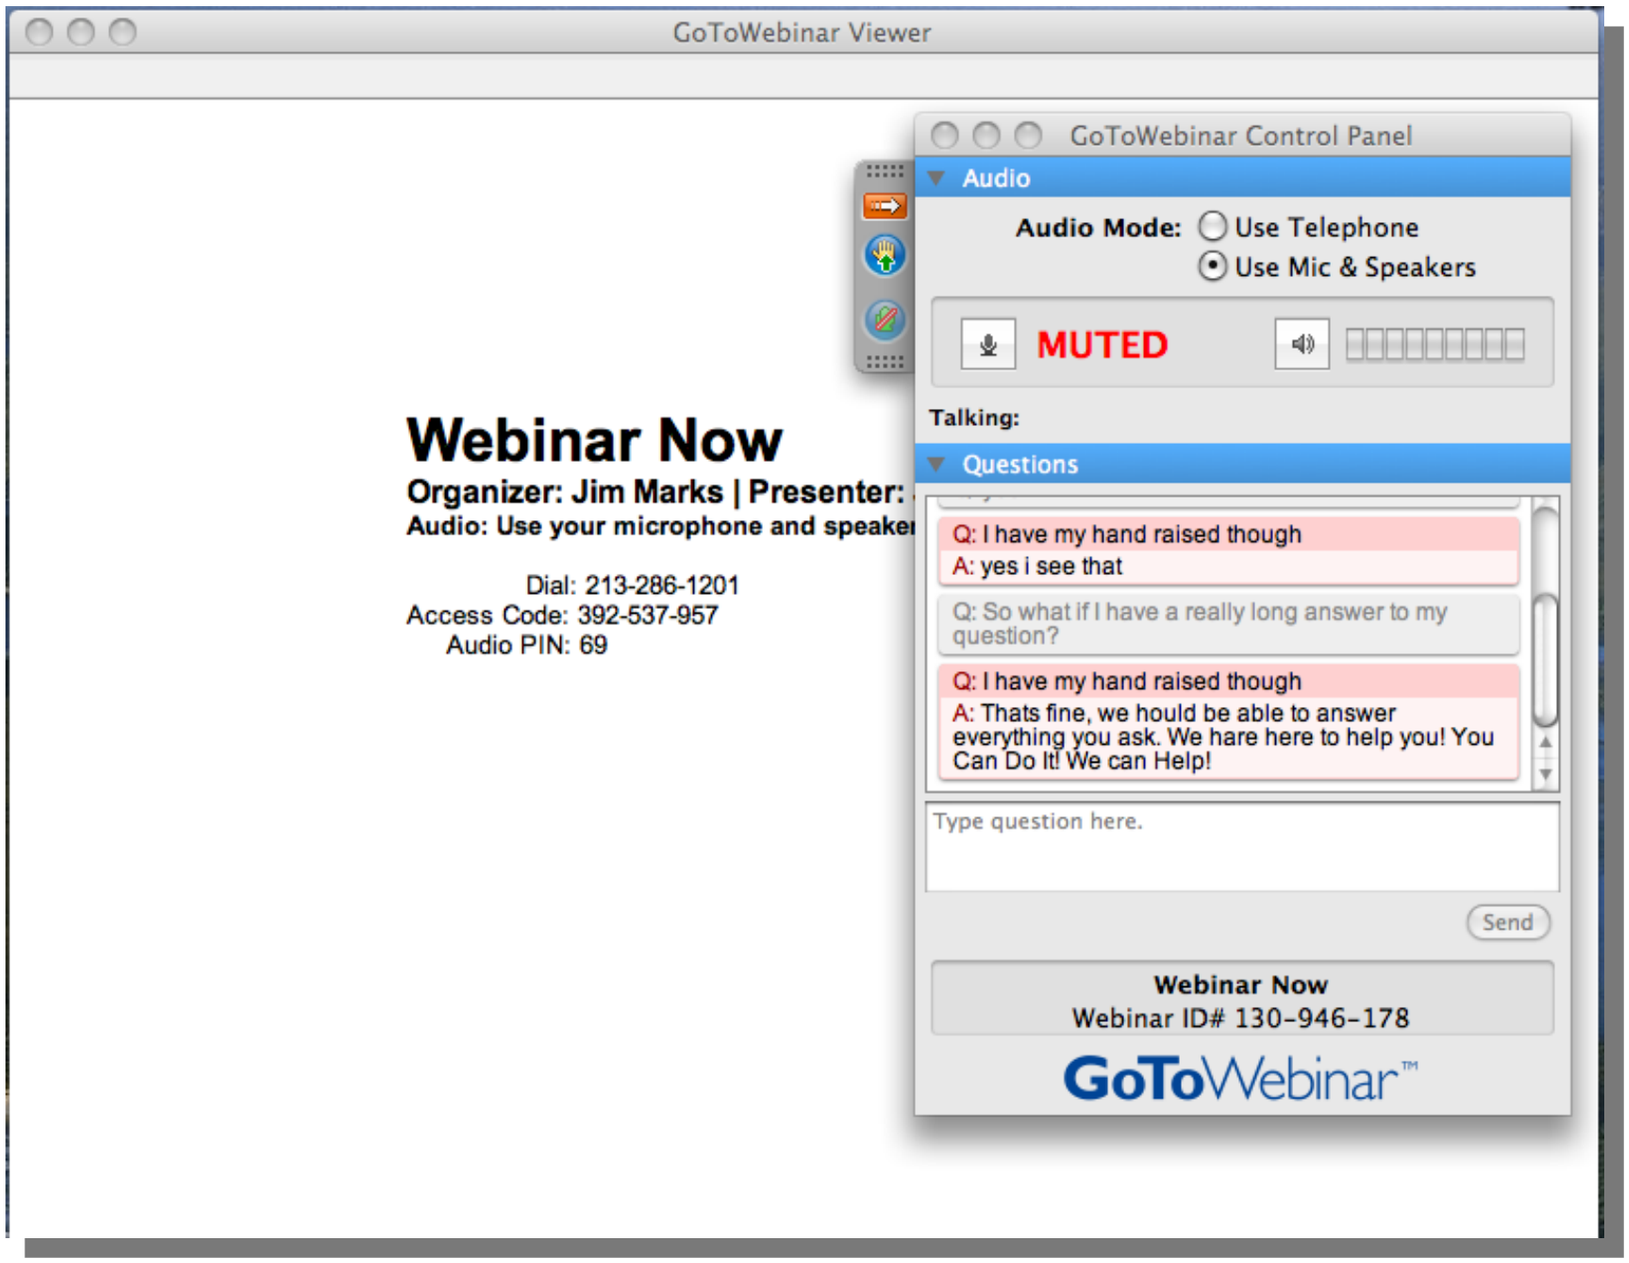
The Future is SMALL

(mobile apps that make your live better)

You Can NOT speak to us, unless we call on you.

You CAN type in a question in your control panel..and we will answer it.
Or..

Raise your hand, and we will TRY to un-mute you.



A Bit about APP Development…

- **Programming Language/Advantage Google**
- **Google is Java**
- **iPhone is Objective –C**

- **Platform/Advantage Tie**
- **Apple – Closed Platform**
- **Google –Open Platform**

- **Apple – All phones Identical**
- **Google –All phones Different**

Share Ideas, Find New Ones.

TheFancyAPP

It's a place to share and discover great stuff, to curate a collection of things that define your style, to create a museum of Me.

MAGIC PLAN

MagicPlan measures the size of the room, draws the floor plan and creates a PDF document, JPEG and a web site with an interactive floor plan.

Agent Branding

Allows you to invite your clients to use a version of the REALTOR.com® mobile apps branded with your photo and contact info. All primary inquiry actions will be routed to you, and you will receive immediate notifications on your iPhone® and/or iPad®.

Collaborative Search

Allows you to easily suggest one or more listings to one or more clients. Your clients can also request showings from you for the properties they want to see. And you can both have instant messaging conversations right in the app on each listing.

Instagram

t’s a fast, beautiful and fun way to share your photos with friends and family.

Snap a picture, choose a filter to transform its look and feel, then post to Instagram. Share to Facebook, Twitter, and Tumblr too – it's as easy as pie. It's photo sharing, reinvented.

Viddy

Viddy is a simple way for anyone to capture, beautify, and share videos with the world!

"Turn everyday moments into perfect little movies with Viddy on iPhone. Take a VIDDY, share it with your Viddy community and upload them to Facebook, Twitter, and YouTube."

This is Instagram for Video
